Nationalists Claim Victory In China

Red Drive On Suchow Is Halted

Nanking, Nov. 12.—(AP)—Pro government newspapers proclaimed in extras today a "major victory" over nine Chinese Communist columns along the grand canal 160 miles northwest of Nanking.

(The communist radio, heard in Peiping and San Francisco, made similar victory claims over government forces. The Communists said they were within six miles north of Suchow, last main base guarding Nanking.)

The officially-sanctioned Nanking reports said national troops savagely attacked and hurled back General Chen Yi's troops who were trying to cross the historic canal.

The reports said the communists suffered 37,000 casualties and fled in disorder in a battle that began Wednesday night and lasted through Friday morning.

Usually Exaggerate Victories

Government claims of victory and of enemy casualties usually are greatly exaggerated, but it was the consensus of observers in this capital that the main communist drive against Suchow had been stopped, at least temporarily.

A government military spokesman has estimated more than 1,000,000 men engaged in the battle, describing it as the greatest single engagement in Chinese history.

Gen. Huang Pia-Chiao's nationalist ground troops were supported in the Grand Canal battle by probably the heaviest concentration of air power ever assembled by the government in three years of civil war.

(No estimate of numbers of planes is available. The government has threatened post-publication punishment for anyone disseminating such military information.)

Heavy Fighting Near Peichi

The planes, ranging from four-engine Liberators to fighter-bombers, operated from dawn to dusk out of Nanking's military airfield. The front is less than an hour's flight away.

The army paper "Peace Daily" said the heaviest fighting was near Peichi, 30 or 35 miles east of Suchow. It said waves of communists made more than 20 successive attacks, using "human sea" (massed troops) tactics.

Each of these assaults by Chen Yi's veterans of the Nanking quest—possibly 150,000 strong—was beaten back, the paper stated.

If the government has won a victory, it should set back the communists' plans three weeks or more. The capital and Shanghai remained quiet under martial law, but foreign residents continued to leave for fear the transportation system would collapse if the communists got closer.

Truck Drivers, Helpers Granted Wage Increases

Milwaukee, Nov. 12.—(AP)—Approximately 30,000 over-the-road truck drivers and helpers have been granted a wage increase of 15 cents per hour, a spokesman for the Central States Drivers Council said today.

David Previant, attorney for the council, said representatives of 150 AFL International Brotherhood of Teamsters locals, ratified the agreement in Chicago last night. It had been approved last Sunday by representatives of some 2,500 employees engaged in dry freight movement.

The agreement also provides for an increase in mileage rates of one-half cent per mile in states east of the Mississippi river and one-fourth cent per mile in states west of the Mississippi. The new schedule, which is effective Nov. 16, will be made a part of the two-year contract executed last year. It runs until Nov. 15, 1949.

PRISONER ESCAPES FROM ATLANTA JAIL; FIRST IN 20 YEARS

Atlanta, Nov. 12.—(AP)—For the first time in more than 20 years a prisoner made a get-away today from the walled federal penitentiary, but he was captured in less than six hours.

Warden W. H. Hiett, identified the convict as red-haired John Truss May, 34, serving two years and six months for auto theft from Winter Haven, Fla.

The warden said May apparently got away by concealing himself in one of several trucks hauling rubbish from the prison grounds inside the walls.

Largest volcano in the world is Mauna Loa, in Hawaii. It also is the largest mountain in cubic content.

Senator Urges Step-up Of U.S. Aid To China

Washington, Nov. 12.—(AP)—Senator Bridges (R-NH) urged today that President Truman immediately summon a special session of congress to step up American aid to China.

Unless the Chinese government gets effective assistance at once, Bridges said there is a grave danger that the communists may engulf all of China, "lock, stock and barrel."

In a statement issued through his office here, Bridges urged that congress be called back immediately. The senator himself was in Des Moines to make a speech.

At Key West, Fla., where President Truman is vacationing, Assistant Press Secretary Eben Ayers said Bridges' proposal.

Technically, the 80th Congress is still in existence, and still dominated by Republicans. Terms of the adjournment resolution it adopted last August, referred to the Republican leaders of the House and Senate the right to bring congress back at any time, without necessarily a call by the president.

There was no indication that Bridges had approached those leaders to exercise their power. House Speaker Martin left this morning for Massachusetts, his office reported.

At Des Moines, Bridges said he had discussed the calling of a special session with various Republican leaders, but acted upon his own initiative in urging the president to summon the lawmakers to Washington.

The 81st Congress, under Democratic control, is to convene January 3.

Bridges has demanded again and again that America take steps to bolster the Chinese government's defenses against the communists, forces which have overrun the north of that vast country and now are threatening Nanking and Shanghai.

The permanent committee of the Brussels pact powers—Britain, France, Belgium, Holland and Luxembourg—met in secrecy to draft an alliance proposal which they hoped would be acceptable to the U. S. and Canada.

U. S. Defense Secretary James Forrestal arrived in London from Paris for conference with Prime Minister Clement Attlee and U. S. military representatives.

Persistent reports circulated in diplomatic circles that Foreign Minister Ernest Bevin will attend a trans-Atlantic pact conference, which Washington and Ottawa sources predict will write the final text of the treaty before Christmas in the American capital.

Gypsy Rose Lee, New York Night Spot At Odds

New York, Nov. 12.—(AP)—A weeping Gypsy Rose Lee said today she was fired from her first Broadway night club job just because she asked for four weeks salary—\$10,000—in advance.

But the management of the elegant basement known as "La Martinique" said the ex-stripper and novelist "simply walked out" and the club is going to sue her for \$10,000 in lost profits.

Gypsy received reporters today wearing chattering slacks and a candy-striped blouse. She frequently dabbed at tearful eyes with a handkerchief.

Her failure to open her show last night, she said, was "due to several things" and she was "all-fired mad" about all of them.

First, she said, the club opened two weeks late and there weren't enough rehearsals.

Then, she said, she asked for the advance on her salary, and the club manager told her he was not going to pay her salary "tonight or any other night."

The director of her union—the American Guild of Variety Artists—told her that meant she was fired. He stopped rehearsals.

Both men lived on the farm Clinton with his wife and family in his mother's large house, and Arthur, a bachelor, in a smaller house one-quarter mile away.

Current said Clinton told him his brother berated him this afternoon for leaving the farm for an hour and a half to hunt geese. Arthur was shot through the head with a .22 caliber rifle.

The warrant for Clinton's arrest was issued by Police Magistrate William D. Conway. Bond was set at \$10,000. The Carwell farm is 10 miles south of Springfield near Pawnee.

Clinton was released a few hours after his arrest when his 76-year-old mother, Mrs. Mary Carwell, furnished bond. Conway set a preliminary hearing for Tuesday.

Russ Undermining World Position Of U. S.: Marshall

Paris, Nov. 12.—(AP)—Secretary of State George C. Marshall declared today Russia is waging a propaganda peace offensive with the real aim of wrecking the world position of the United States.

Russia's action in spreading a report of a suggested Truman-Stalin meeting is part of this propaganda drive, Marshall said.

He gave his views at an extraordinary news conference at the same time his deputy delegate, Frederick H. Osborn, accused Soviet leaders of carrying on a second type of propaganda effort at home—that of using "shell" government-directed propaganda to prepare the Russian people for war. Osborn blasted at Russia during debate on the disarmament issue in the political committee of the United Nations Assembly.

Marshall said Soviet propaganda in the U. N. has not been successful. The great majority of nations in the world organization, he continued, have lined up solidly in their opinions on the world situation.

The secretary defined propaganda peace offensives as procedures designed to play upon the general desire for peace with the real purpose of wrecking the position of the United States.

Such propaganda efforts are very dangerous, he continued, because everyone sincerely wants peace but not mere propaganda for peace.

The secretary talked for about 90 minutes to about 30 American newsmen crowded into the press room of the United States delegation to the U. N. He ranged over the world in his comments but the majority of his remarks were strictly off the record—that is, not for publication in any way.

He withheld permission to use any of his remarks—except when attributed to a "leading United Nations delegate"—until he had checked the long transcript. Then about six hours after the conference a condensed version of his statements was read out to newsmen by an American delegation spokesman. The spokesman said Marshall still did not permit direct quotations.

Canada Probes Information Leak On New Jet Planes

Ottawa, Nov. 12.—(AP)—Air Vice-Marshal W. A. Curtis said today the Royal Canadian Mounted Police have been ordered to investigate "leakage" of information on Canada's new hush-hush jet fighter plane.

The story of the plane, said to be capable of flying 675 miles an hour in all kinds of weather, first appeared in a McGraw Hill magazine, Aviation Week. Canadian newspapers picked up the story and played it widely.

(An editor of Aviation Week in New York said the magazine published the story in its Nov. 8 issue. He said there would be no comment immediately.)

Curtis, Canadian air chief of staff, said if any offense against the Canadian secrets act is disclosed, the persons responsible will be prosecuted. Officials are concerned not so much with any actual information disclosed in the magazine but with the manner in which the data was obtained. It was known previously the fighter was being developed and some articles had been written about it.

The plane, one from the 88th bomb group on temporary duty from its Spokane base was declared missing while searching for another B-29 in the area of Guam.

The Spokane base commander said the site of the crash was reported to be Fias atoll located approximately 130 miles east of Yap Island.

The plane, with a crew of 10, was last heard from at 11:07 a.m., when it had three hours of fuel left. At 3:55 p.m. it was officially listed as missing.

The first plane vanished last Saturday on a routine flight from Okinawa to Guam. It had 11 men aboard.

AP Editors Find Important Stories Are Least Read

Chicago, Nov. 12.—(AP)—Managing editors were told today they can get more readers and create more understanding by making their newspaper easier to read.

Members of the Associated Press managing editors association tackled the readability problem today at their annual meeting.

Associated Press news stories have become "sharper and crisper" as a result of a readability campaign. This was reported by Dr. Randolph Fleisch, psychologist and author who has been an AP consultant on the problem during the last year.

He also reported surveys showing: 1. The well-read stories are human interest stories, even though they may be insignificant. 2. The page one, top-headline stories of great importance or significance are read by too few.

AP News stories have been made more readable by cutting the length of sentences, the number of syllables in words, and by using "a personal style."

Relieve Chief Of Staff In Red Army Of Duties

London, Nov. 12.—(AP)—The Moscow radio said tonight Marshal Alexander M. Vassilievsky has been relieved of his duties as chief of the general staff of the Russian army.

It added that the reason was to relieve Vassilievsky of an excessive burden of work.

The broadcast, heard in London, said he would retain his post as deputy minister of the armed forces of the U. S. S. R.

The Soviet council of ministers has appointed Gen. S. M. Stemenko as chief of the general staff and deputy minister of the armed forces, the broadcast said.

Tieup Of Nation's Shipping Seems Sure

Tojo, Six Others Sentenced To Gallows

Tokyo, Nov. 12.—(AP)—Hideki Tojo was sentenced today to hang as chief of the criminal Japanese military clique whose dream of ruthless conquest wrecked their own country and tumbled all East Asia into chaos.

Six of his fellow conspirators were sentenced to the gallows with him. No execution date was fixed.

Sixteen got life imprisonment; one a 20-year term, and another seven years. The tribunal president filed a separate opinion stating in effect that Emperor Hirohito—not on trial—was morally responsible but politically immune.

Tojo was premier of Japan from Oct. 17, 1942, to July 18, 1944—from before Pearl Harbor to Japan's shattering loss of Saipan. He personified the Japanese enemy to most of the allies far more than Hirohito ever did.

After hearing his death sentence, he told his Japanese attorney he was "very glad" the Emperor had not been involved in war guilt.

The attorney, Ichiro Kiroe, said Tojo also repeated his "impression that this was a trial by the victors" and was surprised at some of the sentences because he had felt that he would be held "solely responsible" for launching the war.

None of the 25 defendants was acquitted by the 11-nation international military tribunal which spent two and one-half years trying them. After the interminable months of work trial, it took just 21 tense and dramatic minutes for the court to convict and pronounce sentence on the men who tried to fashion the greatest Oriental empire since the time of Genghis Khan seven centuries earlier.

General MacArthur, commander of the allied occupation of defeated Japan, set Nov. 19 as the deadline for appeals. He has power to reduce but not to increase sentences. MacArthur called a conference of all allied missions for Nov. 22. His final decision, and possibly the execution date, is expected after that meeting.

Ask Farmers To Fight National Health Program

Portland, Me., Nov. 12.—(AP)—The national farmer convention heard a plea today that it fight federal programs for compulsory health and medical care insurance because they would be "socialistic."

Dr. Paul R. Hawley, of Chicago, chief executive officer of the Blue Cross and Blue Shield Commission, said such programs are expected to be laid before the next congress.

"We can be sure," he told the farm meeting, "that the Truman administration will put forth a national health program. The only question to be decided is whether it will be a voluntary or compulsory one."

Meanwhile, a convention committee turned down a proposal that the convention go on record favoring larger income tax exemptions for low-income tax payers.

Mutilated Body Of Soldier's Wife Found In Alley

Allentown, Pa., Nov. 12.—(AP)—The mutilated, nude body of a soldier's wife was found today in a Central City alley by a half block from a cemetery where police said the apparently went with her murderer.

Police Chief James Christine identified the woman as Mrs. Mary V. Avalon, 26, of Allentown, wife of Private First Class George L. Avalon. Army records in Washington show that Avalon is assigned to the headquarters Alaska general depot, Fort Richardson, Alaska.

Christine said it looked very much like the work of a sex pervert but was unable to say definitely at this time.

A man is being questioned in connection with the slaying but no charge has been filed against him, Christine said.

The woman apparently first was attacked in the nearby cemetery. Christine said, and then beaten and dragged along the alley as she sought to fight off her slayer.

Plaque Honoring FDR Unveiled At Westminster Abbey

London, Nov. 12.—(AP)—A gray stone plaque in memory of Franklin D. Roosevelt was unveiled today at Westminster Abbey by Prime Minister Attlee and Winston Churchill.

It was the first time a former head of a foreign state has been so honored.

Mrs. Eleanor Roosevelt, the president's widow, and Curtis Boettiger, this grandson, sat before the memorial as Attlee and Churchill together pulled a cord to draw aside the stars and stripes.

The plaque, surrounded by an American Eagle, bears this inscription written jointly by Attlee and Churchill:

"To the honored memory of Franklin Delano Roosevelt, 1882-1945. A faithful friend of freedom and of Britain. Four times president of the United States. Elected by the government of the United Kingdom."

For American visitors to the United Kingdom and Northern Ireland, Britain wiped out entirely the longstanding requirement that passports must be stamped with visas, which are in effect entry permits.

Britain's action will save a trip to a consul's office and a \$2 fee for every American tourist. About 100,000 have visited Britain in the last year.

As part of the same agreement, the state department announced, the United States has waived the \$2 visa fee for British visitors. The visa stamp still is required by law and must still be obtained, but it will be free.

All travelers must still have passports, which cost Americans \$10 each.

\$200 REWARD FOR POOL CUE

London, Nov. 12.—(AP)—World Snooker Champion Joe Davis offered \$200 today for a pool cue.

It's one he bought 35 years ago, second hand, for \$1.50. He has used no other since. It disappeared with his luggage at a London railway station.

East Coast Dock Workers Start Walkout

By The Associated Press

A complete tieup of the nation's shipping industry by tomorrow became almost a certainty tonight.

At 11:01 p.m. (CST) tonight, a walkout by AFL stevedores will officially begin in all harbors from Maine to Virginia. Several thousand already had quit.

The action follows the overwhelming rejection by 65,000 east coast dock workers of a proposed wage settlement, Joseph P. Ryan, president of the International Longshoremen's Association, said.

Gulf coast stevedores have pledged to follow the lead taken by the east coast workers.

This would make a three-coast shipping walkout since west coast CIO longshoremen followed shortly an order by the Association of American Railroad halting shipment to New York and Boston of nearly all freight for export.

The embargo becomes effective tomorrow.

Freight for export from those ports will not be accepted by the railroads unless it is consigned to the United States armed forces and comes within certain exceptions from the embargo order.

Ryan did not give the total figure of the longshoremen's vote but said it was "almost unanimous."

Ask 50 Cent Boost

The tentative wage agreement called for an increase in day shift, straight-time pay from \$1.75 to \$1.85 an hour, and in the night and weekend overtime rate from \$2.62 to \$2.71.

The union originally asked for a 50-cent hourly boost.

Ryan's announcement came as delegates of the strikers awaited a message from President Truman, presumably on the strike situation.

Ryan said the message was to be read later to the delegates. He said he did not know its contents but that it was written before Mr. Truman left for Florida. It was prepared and given to Cyrus S. Chung, director of the Federal Maritime Service, for delivery to the stevedores if negotiations collapsed, he added.

Veiled Mystery Woman Terrorizes Maryland Town

Williamsport, Md., Nov. 12.—(AP)—The appearance of a bit-robed, veiled mystery woman kindled vigilante excitement in this small town today and its mayor appealed to citizens not to carry firearms.

"Some one may get hurt if this keeps up," Mayor Richard C. Hawken said, urging Williamsporters to cooperate with police in tracking down the stranger.

The woman in black police said, pounced on two women Sunday night to set off a wave of apprehension. Since then, she has been reported haunting several lonely, darkened sections of the town.

Police chief William Shipley said the sinister-looking figure appeared only after dark. As a result, a lot of residents now stay home after sunset.

Mayor Hawken spoke up after Shipley reported to him that some Williamsporters had taken to carrying arms as self-appointed vigilantes.

Find Missing American Girl In German Hospital

Frankfurt, Germany, Nov. 12.—(AP)—A missing American girl employed by the U. S. Army's counter-intelligence corps has been found in a Wiesbaden hospital, army authorities said tonight.

They said the girl, Miss Lydia Briggs, 26, of Greenville, N. C., has been a patient at the army's 317th station hospital in Wiesbaden. She had been reported missing since Oct. 27.

A widespread search for the girl, pretty brunette, had been under way throughout western Germany. The nature of her illness was not disclosed.

LOCK, STOCK AND BARREL

By February, 1,500 employees of Chance Vought Aircraft will be moved from Stratford, Conn., to Grand Prairie, Texas, between Dallas and Fort Worth. The newcomers will be indoctrinated with company-conducted courses similar to those given servicemen who went abroad in the last war.

It is a fine idea, and it is especially encouraging to see that our government is awake to the need for decentralization. Chance Vought is moving as part of the government's disposal of aircraft companies from northern and eastern locations.

We'll wager, however, that these transplanted Yankees will never learn two things—how to boost Texas with the pride of a native and how to get accustomed to the changeable weather. Even Texas can't make the grade on the weather.

A WARTIME MISTAKE?

General Holland M. "Howling Mad" Smith, looking back on the Pacific war, says the Tarawa campaign was a mistake and "a terrible waste of life and effort."

Undoubtedly we could have bypassed it as he claims, and moved on to victory. But we didn't know it at the time.

It is conceded now by many military men that the whole Italian campaign was a monumental mistake, a very costly one.

But the biggest mistakes were made on the other side. Hitler might be ruling Europe today if instead of attacking Russia he had grabbed Gibraltar, invaded Turkey and cleaned the British out of Africa.

He might even have turned us back in Normandy if his commanders—Von Rundstedt and Rommel—hadn't been at odds over the strategy. Von Rundstedt wanted to let the allies land safely and then mobilize to wipe them out; Rommel wanted to throw them into the sea as quickly as they landed. Hitler compromised, allowing each to have his way to some extent, and in consequence the whole German strategy failed.

Let us be thankful that the major blunders were on the other side.

SWISS FIND A LIVE BOMB

Schaffhausen, Switzerland.—(AP)—An unexploded bomb believed to be of American origin was found embedded in the bank of the Rhine river here recently. Swiss army engineers believed the bomb was dropped during the American air attack on Schaffhausen on April 1, 1944, during which more than 30 persons were killed. The Schaff-

hausen raid, caused by a navigational error, was the heaviest suffered by neutral Switzerland during the war.

Strange Things Come In Small Packages

By Hal Boyle

New York.—(AP)—Our menu for today is two short stories.

The friends who told them to me (thought the stories were new and true. But a thing can be new and true to one person and old and false to another. How else can you explain love, hamburger and Santa Claus?

Personally, I have never heard the first story before. And it may be true. The second story—in one variation or another—has probably been told since the Greeks camped outside Troy.

But a restaurant can't change its whole bill of fare every day. And with that cautious preamble, let us go on to the stories:

A beautiful lady went into a fashionable Fifth Avenue store to buy a dress. There was a strangeness in her manner that caught the salesgirl's interest.

It was the lady's fixity of purpose. She seemed to know exactly what she wanted. When she had selected a dress, she went into another room to have it fitted.

"I want the sleeves here," she said, pointing to her arm. "And I want the skirt to fall exactly here." And she indicated the length.

The fitter looked up and objected politely:

"That isn't the way they are wearing them this year. It's out of fashion."

"I know," said the lady. "But I am going to San Francisco to meet my husband. He's been with the

Army overseas. Now he's coming home. And when I meet him I want to be dressed just as I was when I told him goodbye."

"Where has your husband been?" asked the fitter, pleasantly. "Guadalcanal?" replied the lady. "All this time in Guadalcanal?" said the fitter.

"Yes."

And suddenly the fitter understood her mission. He bent to his task. He did not want to look up into the lady's eyes.

The locale of the other tale is Berlin.

A German family had been receiving gift packages from relatives in America to supplement their diet of potatoes, more potatoes—still more potatoes.

In one box came a small package containing a mysterious powdery substance. There were no directions on the package on how to cook it, and the hausfrau was stumped.

"How shall I prepare it?" she asked. The family went into a huddle over the problem. It was an exciting problem—anything having to do with food is exciting in Germany.

Each member in turn examined the package.

"Perhaps," said the hausfrau doubtfully, "I should wait until I can write back and find out how it should be used."

This proposal was voted down immediately as a waste of time.

"The Americans eat so much dehydrated food," grumbled the husband. "It must be soup flavoring. Yes, that is it. Put it in the soup."

Into The Soup Pot

So into the soup pot it went. The family couldn't see that it added anything to the flavor, but they agreed it certainly was filling.

Two weeks later a letter from America arrived. It bore postmarks indicating it had been delayed en-

The hausfrau—wives are well-trained in Germany—immediately brought the letter to her husband to open.

The letter said: "It is with much sadness we inform you that dear Uncle Fritz has passed away. Because of his long desire to return again to his fatherland, we had him cremated. "We are sending his ashes in the next parcel."

Next-Of-Kin Can Get Mustering Out Payments

The next-of-kin of many deceased Illinois World War II veterans are entitled to collect mustering-out pay due the deceased veteran, Homer G. Bradney, administrator of the Illinois Veterans Commission, pointed out Friday.

This back pay now is made available by the War and Navy Departments under the recent extension of the deadline for applications for mustering-out pay for veterans who were discharged prior to Feb. 3, 1944. These veterans or their dependents now have until Feb. 3, 1950 to collect the mustering-out pay.

If a veteran failed to collect his mustering-out pay before the old deadline of Feb. 3, 1946 and later died, his nearest survivor may apply for the benefit.

Veterans who have failed to collect their mustering-out pay or their next-of-kin should contact the nearest office of the Illinois Veterans Commission for advice in applying for this benefit. In Morgan county the IVC office is located at 6-7 Morrison Block, Jacksonville.

Oil Drillers To Use New Outfit Near Waverly

Indications that oil and gas drilling operations will be resumed in the southeast section of Morgan county were seen with the delivery of a new spud type drill to the Fielder Drilling Company, which has done extensive work in the Waverly area.

The new drill, direct from the Bacarus Erie factory at Milwaukee, Wis., is equipped for better and faster operations. Either gasoline or natural gas produced in the field can be used as engine fuel in operating the drill.

A new portable office and supply building has also been completed, to be moved from place to place with the new drill. The equipment has been stored on the Albert Collins lot in Waverly, south of his residence.

The drilling company is headed by Gordon W. Fielder of Springfield.

Autumn Bride

MRS. WARREN RAY SCOTT

White Hall—Mrs. Warren Ray Scott was married in the St. Athanasius church in Roodhouse. The double ring ceremony was performed by the Rev. D. P. Lydon. Mr. and Mrs. Scott have returned from their wedding trip and are making their home with the bridegroom's grandmother, Mrs. Gay Rose.

Mrs. Scott before her marriage, was Miss Marian Bertram, daughter of Richard Bertram, of this city. The groom is a son of Ray T. Scott, also of this city. He and his father operates a filling station in White Hall.

When it comes to keeping your Buick up to snuff—so a finger-touch can handle it—our men know the answers.

They know the front-end construction of a Buick better than anyone else, so naturally they know what to do and what NOT to do to keep it at its best.

When wear and time have taken their toll of parts like control arm assemblies, steering arms and tie rods, they have our large stock of fresh-from-the-factory Buick parts for replacement.

Buick "savvy" plus factory-engineered parts make a combination that can't be beat for keeping Buicks at their best.

WHEAT LEADS MOVE IN GRAIN PRICE ADVANCE FRIDAY

Chicago, Nov. 12.—(AP)—Grains moved ahead a bit on the Board of Trade today under the leadership of wheat. The bread cereal was helped by flour sales to Belgium and entry of some large eastern bakery chains into the flour market.

All cereals got off to a shaky start, corn showing the widest losses. Bumper crops and longshoremen walkouts in the east caused the initial selling. The market's ability to withstand this early selling impressed traders. Later, corn also rallied.

Receipts were: wheat 24 cars, corn 280, oats 30 and soybeans 58.

Wheat closed 1/2 to 1 cent higher, December \$2.32 1/2, corn was 1/2 lower to 1 higher, December \$1.42 1/2, oats were 1/2 lower to 1 higher, December \$1.74 1/2, soybeans were 1/2 lower to 1 cent higher, November \$2.58, and yard was 30 cents lower to 25 cents a hundred pounds higher, November \$18.95.

Funny Business

"A plumber's bill for \$20, an electrician's bill for \$10 and a carpenter's bill for \$22—for fixing the things you fixed!"

New York Stock Market

New York, Nov. 12.—(AP)—Early demand for stocks was soon satisfied today and the market coasted along at a slightly higher price level.

Numerous gains appeared but they were small for the most part. A good handful was unchanged or even a trifle lower.

Buying was most aggressive immediately after the opening but soon tapered. Top gains in most cases were trimmed.

Trading slackened after a fast beginning but at that was large enough to top 1,000,000 shares.

The rally, slight as it was, cancelled only a small part of the losses incurred in a post-election selling drive which carried the market back to the level prevailing in late March.

Issues higher included American Broadcasting, U. S. Steel, General Motors, Goodrich Tire, Montgomery Ward, Owens-Illinois, International Paper, Nickel Plate, Standard Oil (N.J.), and Skelly Oil.

Tending to hold back were Youngstown Sheet, International Harvester, Union Carbide, Transcontinental & Western Air, Westinghouse Electric and Woolworth.

Selected Railway Lines improved.

In the bond market, mainly in the lower price bracket.

U. S. Governments, which have tended higher ever since the elections, continued to lean forward. Improved, according to bond dealers, has been based on the theory that the new administration will continue the policy of supporting federal issues at the present pegs for some time to come.

S-Sgt. Hawk And Miss Ivy C. Fox Wed At Church

White Hall — Chrysanthemums, pumpkins and ferns provided the background for a lovely wedding when Miss Ivy Clementine Fox, daughter of Mr. and Mrs. Bert Fox of Mt. Sterling, formerly of White Hall, became the bride of S-Sgt. Donald Hawk, son of Mrs. Bernice Scott of this city.

The double ring ceremony was performed by the Rev. Johnson on Friday afternoon at 2:30 in the Roodhouse Baptist church in the presence of a large number of relatives and friends.

Miss Dolores Hawk, sister of the groom served as maid of honor. She was attired in a pale green tulle dress. Bridesmaids were Miss Tris Fox, sister of the bride, Miss Louise Suttles, and Mrs. Dorothy Baird. All carried colonial bouquets. The groomsmen were Dean Fair, S-Sgt. Tom Alley, of Louisville, Kentucky, and J. W. Schier, U.S. Army, of White Hall. Ushers were Claude Fox, brother of the bride, and Myron Cox, cousin of the bride.

The bride's gown was of white satin fashioned in train. Her fingertip veil was held in place by a coronet of flowers. She carried a white Bible topped with an orchid. Her only jewelry was a necklace of pearls, a gift of the groom.

Little Bernard Franbach, nephew of the bride, served as ringbearer and the flower girl, a niece of the bride, was Sandra Indelicato. Her dress of white satin was fashioned in a manner similar to that of the bride.

The mother of the bride, Mrs. Bert Fox, chose for her daughter's wedding a black dress with which she wore black accessories and a corsage of white carnations. Mrs. Scott, the groom's mother, wore a pale orchid dress and black accessories. Her corsage was of white carnations, also.

Immediately following the ceremony a reception was held at the church, after which the couple left for a short wedding trip.

The bride is a graduate of the local high school and has been employed with the J. W. Schier, U.S. Army, S-Sgt. Hawk, also a graduate of White Hall High School, is stationed at Chanute Field.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, Nov. 12.—(AP)—Hogs lost 50 cents to \$1 today, compared with Thursday, and many cattle were bid so low they were withdrawn from the market. Those which sold, however, were steady to 50 cents lower while sheep were weak to 50 cents down.

Most butcher hogs brought \$21 to \$22.75 with one load taking \$22.85. Sows were \$18 to \$20.25.

Common to good steers made \$21.50 to \$25 and common to medium heifers \$21 to \$25. Good beef cows sold up to \$21, sausage bulls to \$23.75, beef bulls to \$24, and vealers to \$22. Stock cattle also were called slow.

Lambs topped at \$25.50 and ewes at \$8.75.

Total receipts included 13,500 hogs, 4,700 cattle, 400 calves, and 2,000 sheep.

State Publishes New Pamphlet On Elm Disease

Urbana, Ill.—Phloem necrosis, a widespread and destructive disease of elms, is the subject of a mimeographed publication announced by Dr. Harlow B. Mills, chief of the Illinois Natural History Survey. Joint work of survey botanists and entomologists, the publication presents the latest information available on the disease that has killed thousands of elm trees in the southern two-thirds of Illinois since 1942.

First signs of phloem necrosis in an infected elm tree are rolling, yellowing, withering, and falling of leaves in July. Two weeks to two months from the time first symptoms appear, the tree is dead. Experimental work indicates, however, that trees do not show signs of the disease until at least a year after they have become infected.

Cause of the disease, according to the Illinois Natural History Survey publication, is a virus that is carried from tree to tree by a small leafhopper so little known that it has no common name. The scientific name is Scaphothrips luteus.

Control methods described in the publication involve destroying the insect through use of special DDT formulations applied by high-powered spray equipment.

Cooperating in the preparation of the publication were Dr. Leo R. Tegen and Dr. J. C. Carter, botanists, and Dr. George C. Decker and Dr. L. L. English, entomologists, of the Natural History Survey. Dr. Carter has been studying phloem necrosis since 1942.

The Natural History Survey publication is being made available to officials of Illinois cities and villages and to other persons who request it, according to Dr. Mills. They should write to Illinois Natural History Survey, Dr. H. B. Mills, Chief, Urbana.

Furman U. Prexy Hits Pro-College Football Players

Greenville, S.C., Nov. 12 — (AP) — Some surprise by publicity given his statement that college football in some cases pays players more than the professional sport, Furman University President Dr. John L. Plyler today stuck by his guns.

He said that when he gave his views on the game to a Furman alumni gathering at Atlanta last night he was only stating what he believed to be generally accepted common knowledge.

Dr. Karl Leib, president of the National Collegiate Athletic Association, invited Dr. Plyler to present any evidence of professionalism in college football to the association.

"I had no idea that portion of my talk would end up on the news wires," said Dr. Plyler in a telephone interview, "but I repeat that an average 'good' football team these days costs about \$100,000 a year and it takes anywhere from \$200,000 to \$500,000 for a 'big time' team. This includes, of course, the coaching staffs, stadium costs, equipment and every incidental connected with the fielding of a large squad as well as player compensation.

U. Of I. Jayvees Win Over Ohio

Champaign, Ill., Nov. 12 — (AP) — Illinois' junior varsity football team scored two quick touchdowns in the first period today to touch off a 22-6 win over Ohio State.

The game was played in cold, rainy weather.

After scoring on a pass and an end run, the Illinois punched over the third tally in the final quarter on an 81-yard sprint by Don Laz.

Johnny Neal booted a six yard field goal in the third.

Ohio State's only marker came in the fourth when Ned Henry smashed 14 yards after Karl Sturtz set it up with a 23 yard end run.

Krueger Leads Illini Into Ohio State Fray Today

Champaign, Ill., Nov. 12 — (AP) — Illinois, making one of the outstanding comebacks of the season, will bid for its third consecutive victory over Ohio State tomorrow before a homecoming throng of 67,000.

The game will be the 37th in one of the Western conference's oldest uninterrupted rivalries in which the Illinois hold a 20-15 edge.

Illinois' offense has proved dangerous since the memorable battle with championship-bound Michigan.

Bernie Krueger leads the conference in yards gained with his passes and his No. 1 target, Walter Kersulis, is second in the conference as a receiver.

Only 2 Lettermen Return At Waverly For Basketball

Waverly—Waverly's Scotties, finalists in last season's Virginia regional basketball tournament, have only two lettermen back and face a year of building.

Lost to Coach Lyle King are such standouts as Bob Fenstermaker, now at Belmont College; Adron McMahon, now at Illinois State Normal University; Bob Laughlin, now in the navy; and Fred Fick, Merle Bess and Robert Perry.

Those returning from the 1947-48 season, which also took third in the Ashland tournament while winning 21 games and losing only seven, are Donald Peters, standout football end, and Delbert Mitchell, grid fullback.

Other likely prospects include John Burnett, William Mierz, Kenneth Hinson, Carl Bridges and Junior Gibson.

Waverly faces a tough M.S.M. and independent schedule, including tournaments at Ashland and Pontiac.

Football has occupied all attention at the Morgan county school, so not much is known about cage prospects as yet.

Included in candidates for the new squad are members of the freshman-sophomore club which last year captured the M.S.M. title and two years ago tied for the championship.

Height will be the biggest deficiency.

The schedule:

- Dec. 30—At I.S.D. (Jacksonville).
- Dec. 31—At Ashland.
- Dec. 7—At Roodhouse.
- Dec. 10—At Diverson.
- Dec. 14—Gimard.
- Dec. 17—Franklin.
- Dec. 21—At Morrisonville.
- Dec. 30-Jan. 1—At Pontiac Holiday tourney.
- Jan. 7—Northwestern Community Unit.
- Jan. 11—At Routh, Jacksonville.
- Jan. 14—Viriden.
- Jan. 18-21—At Ashland tourney.
- Jan. 27—At St. James.
- Jan. 28—At Arenaville.
- Feb. 1—Nokomis.
- Feb. 4—At Franklin.
- Feb. 8—At Auburn.
- Feb. 11—At Viriden.
- Feb. 15—New Berlin.
- Feb. 18—Chapin.
- Feb. 25—Morrisonville.
- Feb. 28—At Athens.

Carthage Gridders Hand Quincy Team 20 To 6 Setback

Carthage, Ill., Nov. 12 — (AP) — Carthage college handed Quincy college, champion of the Pioneer conference, its second loss of the season tonight by capturing a 20-6 victory in a non-league football game.

Carthage scored one touchdown in each of the first three quarters. Jim Leisher recovered a Quincy fumble in the end zone for one.

Then Merle Richmond took a four yard scoring pass from Bill Bradley.

Irwin Cox passed seven yards to Aram Gurumian for the third tally.

Gurumian placekicked two extra points.

Quincy scored in the last 40 seconds on an 80 yard play. Jim Bels stole a Carthage pass and raced 65 yards before laterally to John Smith who dashed the remaining 15 to score.

Michigan Students Criticize Parents

Lansing, Mich., Nov. 12 — (AP) — Youth had its fling today at telling their elders what's wrong with the adult group.

Seven Michigan high school pupils took part in a round-table discussion before 500 delegates to the first statewide conference on children and youth.

These are some of the youngsters' observations:

There are too many delinquent parents.

You can't expect young people to drop every activity outside the church and just come to church and pray. If more churches supplied recreation there wouldn't be so many juvenile delinquents.

High school girls need more than an academic education. They also want to know how to run shirts and how to keep their future husbands happy.

SENATOR LUCAS FETES STEVENSON

Washington, Nov. 12 — (AP) — Senator Lucas (D-Ill.) was host at a "spiral luncheon" today for Democratic governor-elect Adlai Stevenson of Illinois.

Stevenson said he is on his way to Southern Pines, N.C., for a visit with his sister.

Eight Democratic senators, in addition to Lucas, were among the guests at the luncheon.

Football Betting Is Nil; Bookies Wager Each Other

New York, Nov. 12 — (AP) — Football betting has meant so little business in recent weeks that bookmakers, at least in New York, have started wagering against each other.

"Most of the bettors took a bath during the baseball season. Those that had any cash left by mid-September lost it all on the Tony Zale-Marcel Cerdan fight. There hasn't been any fresh money since," one of the bet-takers said today.

A survey of New York betting was made after two successive Saturdays in which college results followed expectations almost exactly.

On Oct. 30 a Denver tailor lost more than 400 suits to contestants in his radio guessing contest. Last Saturday 91 persons at St. Paul guessed correctly the outcome of 20 games and the Pioneer-Press paid out \$3,342.50 to them. It was the first time in more than seven years that anyone had won.

Wisconsin Races To Win In Big 9 Cross Country Run

Chicago, Nov. 12 — (AP) — Runners representing the University of Wisconsin raced through mist to victory today in the 34th annual western conference championship cross country run.

Illinois, 1947 champion, finished second, with Purdue third and Indiana fourth. Minnesota was fifth, Iowa sixth and Ohio State seventh.

Leventi Don Gehrman, holder of the conference record for the event, paced the victorious Badgers, covering the four miles course in 20:31.4, five seconds slower than the mark he set a year ago. He won by 80 yards.

McDonomy, Illinois, trailed Gehrman with James Dugher, also of Wisconsin, third; Don Hurlbert, Purdue, fourth; and Don Downs, Illinois, fifth.

Points were scored as follows: Wisconsin, 44; Illinois, 66; Purdue, 75; Indiana, 79; Minnesota, 83; Iowa, 126. Ohio State competed with three runners, instead of a full squad of five, and no point total was scored for the Buckeyes.

Winchester Cagers Begin Workouts For Tough Chart

Winchester — Every basketball team has its share of tough luck during any season. For Winchester's Wildcats it seems to be coming early.

With practice sessions just starting, Coach Howard Lester has this information to digest:

1—Dan McLaughlin, senior and 1947-48 star, has been seriously ill with blood infection. In the hospital for three weeks, he may be forced to abandon basketball.

2—Harry Northrup, star on last year's Aisey team, broke a bone in his foot during the Carrollton football game. He will miss five games.

On the other side of the ledger, though, there is considerable to mention.

Winchester prospects are bright this year. With five of nine lettermen returning and four addition monogram winners from Aisey, the Wildcats already rank as a potent threat in the Illinois Valley loop.

Four lettermen are gone. They are Jonie Leashmet, at Illinois Normal; Clint King, in the army; Sam Peak, at Illinois Normal; and John Roberts, graduate not attending college.

Last year Winchester won 20 games while losing nine and took first in the Milton tournament and second in the Pittsfield regional.

The Wildcats also won third in the Illinois Valley circuit.

The five Winchester lettermen are Bob Wisdom, Don Andell, Bill Stuart, Dan McLaughlin and Pat O'Donnell. Those from Aisey include Reg Hankins, Dean Carrieger, Harry Northrup and Keith Carrieger.

Other good prospects: Dan Drummond, William Oswald, Junior Peak, Bob Marshall, Carl Burns, Bob Cummings.

The 1948-49 schedule:

- Nov. 24—At Mt. Sterling.
- Nov. 30—Rushville.
- Dec. 3—White Hall.
- Dec. 10—At Roodhouse.
- Dec. 14—At Jacksonville.
- Dec. 17—Griggsville.
- Dec. 20-22—Griggsville.
- Jan. 4—At Bluffs.
- Jan. 7—Greenfield.
- Jan. 11—At Jerseyville.
- Jan. 14—Carrollton.
- Jan. 17-22—Winchester tourney.
- Jan. 28—Roodhouse.
- Feb. 1—Bluffs.
- Feb. 4—Jacksonville.
- Feb. 8—At White Hall.
- Feb. 11—At Greenfield.
- Feb. 15—Jerseyville.
- Feb. 18—At Carrollton.
- Feb. 21—Mt. Sterling.
- Feb. 25—At Griggsville.

U. OF MIAMI WINS

Miami, Fla., Nov. 12 — (AP) — The University of Miami Hurricanes won a bitterly fought 19-0 victory over the rugged University of Chattanooga Moccasins tonight in the Orange Bowl before 28,548 football fans.

Which Is the Winner?

Wally Rustia, left, aboard Zacaplay, was one of 13 who took mud baths trailing Ted Atkinson, right, aboard Mickey Dazzler, home in six-furlong race at Jamaica.

Sam Force and his son, Pete, are men of the same mold. Sam plays with the professional Elmira, N. Y., Gliders. Young Pete performs with the Small Fry team filling in between halves.

Boy Fatally Beats Man Who Tried To Date Mother

Washington, Pa., Nov. 12 — (AP) — District Attorney Frank Ductor said tonight a 17-year-old boy admitted in a signed statement he had fatally beaten a 51-year-old man for "breaking up my parents' home."

Doctor identified the youth as Valerian Lee Neth, 17, of nearby Coal Center. The official said the victim of the Wednesday night beating was Lee J. Beam, a special officer for the Borough of Speer.

The district attorney said Neth has been booked on a general charge of homicide.

The district attorney said Neth, in his statement, related that he went to a service station to talk to the older man "and protest his attempts to go out with my mother."

Doctor said Neth told him he asked Beam "to come outside and talk things over."

Then, the district attorney related, several blows were struck and the older man fell to the ground "apparently hitting his head on some stones." He died en route to a hospital from a brain hemorrhage, Doctor added.

SUSPEND SOCIETY FOR PLEDGING NEGRO

Amherst, Mass., Nov. 12 — (AP) — The Amherst College chapter of Phi Kappa Psi fraternity, which recently pledged a negro student as a member, today reported it had been suspended from the fraternity.

The chapter (Massachusetts Alpha) reported it had been advised of indefinite suspension by National President Howard L. Hamilton of Columbus, Ohio, on grounds of "unfraternal conduct."

The communication was unanimously voted by the fraternity's ten-man executive council, according to the Amherst chapter.

The negro pledged is Thomas W. Gibbs of Evanston, Illinois.

WIDOW RECEIVES \$100,000 DAMAGES FROM RAILROAD CO.

Chicago, Nov. 12 — (AP) — A widowed mother of six children was awarded \$100,000 damages today in her suit against the New York, Chicago and St. Louis railroad company.

A superior court jury awarded the damages to Mrs. Elma Phipps, 37, of Charleston, Ill. Her husband, Charles, 37, died Nov. 6, 1947, in a collision between a motor car and a freight train on a single track outside Charleston.

Her attorney, James A. Dooley, contended the railroad was negligent in failing to give the rail car foreman a lineup of the trains operating over the single track.

Wally Rustia, left, aboard Zacaplay, was one of 13 who took mud baths trailing Ted Atkinson, right, aboard Mickey Dazzler, home in six-furlong race at Jamaica.

Pop Knows Best, Son

New York, Nov. 12 — (AP) — Kid Gavilan, flashy Cuban contender, kept in the running for a writer title shot tonight by punching out a 10 round unanimous decision over Tony Pellone of New York in Madison Square Garden. Gavilan weighed 147, and Pellone 146½.

It was a bruising fight most of the way with the Cuban cloutier earning a decisive edge. A crowd of 9,408 paid \$25,628 to see the bout.

Gavilan, tentatively slated to meet 147-pound Champion Ray Robinson in the Garden this winter, won the fight by taking the middle rounds. After giving Gavilan a terrific battle through the first three rounds, Tony appeared to tire and olew the fourth, fifth and sixth frames. That was enough to give the Cuban the decision.

Referee Mark Conn and Judge Charles Shortell each scored it 7-3 while Judge Joe Agnello gave it to Gavilan by 6-4. The AP score card had Gavilan in front, 6-3, with one round, the first, even.

Unions Reach Wage Settlement With Railroads

Chicago, Nov. 12 — (AP) — Three railroad unions whose strike threat last May was blocked by a last minute federal court injunction reached a wage settlement with the railroads today.

They accepted a 10 cents hourly wage boost, retroactive to Oct. 16. The settlement, covering 350,000 engineers, firemen, and switchmen, completed the third round wage increases for five unions whose 350,000 members operate the nation's trains.

Still unsettled, however, are the wage and working conditions demands of some 1,000,000 members of 16 non-operating unions whose members are telegraphers, yardmen, and others not actually engaged in operating the trains. A presidential fact-finding board is hearing this dispute.

A similar 10 cents hourly wage increase was accepted Oct. 4 by two unions representing conductors and trainmen.

The settlement was announced by a spokesman for the unions and later confirmed by a spokesman for the carriers.

3-Year-Old Boy Puts Finger On Bookmaker Dad

Trenton, N. J., Nov. 12 — (AP) — Three-year-old Charles Nemes III said six words Nov. 6, but his father was not proud. His father was arrested.

The elder Nemes, Charles Jr., was charged with bookmaking. In court today, a police judge fined him \$100 for possession of lottery slips and held him in \$1,500 bail on other gambling counts.

Nemes Jr. was arrested Nov. 8 after police chased his car from Trenton to nearby Hamilton township. There, police testified, they stopped the car and found several lottery slips in the pockets of his small son.

The six words Charles III said were: "Daddy put them in my pockets."

WIDOW RECEIVES \$100,000 DAMAGES FROM RAILROAD CO.

Chicago, Nov. 12 — (AP) — A widowed mother of six children was awarded \$100,000 damages today in her suit against the New York, Chicago and St. Louis railroad company.

Blueboys Face Elmhurst In Last Home Contest This Afternoon

Whether Art Wilson and Don Long will be the more potent outfit, I. C. Long will be in the Illinois College Blueboys' last home contest against Elmhurst this afternoon at Jacksonville. High school athletic field Saturday afternoon remained a question Friday as the Blueboys engaged in a taping off light workout. But Coaches Al Miller and Joe Brooks were of the opinion that the rest of their gridders will be ready to go.

The Blueboys face the cellar-dwelling team in the College Conference of Illinois confident of victory.

Kickoff for the contest, the final home tilt on the 1948 Blueboy schedule, is set for 2 p.m.

Last Appearance For Hill Saturday's fray will mark the final appearance of Joe Hill, three-year star on the hilltop and captain of the 1947 aggregation. Hill, negro backfield ace, will participate with one shoulder strapped to his side to avoid a recurrence of a dislocation. He is the only senior on the squad, which has proved to be the most successful in the post-war history of I. C.

The game will mark the first time since the Illinois Wesleyan contest—the Blueboy's last home appearance—that Coach Miller has had a nearly complete regular backfield. The hilltoppers came out of the Wesleyan scrap in bad shape and consequently dropped later engagements to James Millikin University at Decatur and Lake Forest on the latter's home field.

Hope For Offensive Show Jacksonville fans may be treated to an Illinois college offensive show such as was witnessed in the Principia and Eureka contests. However, I. C. gridders will be satisfied with a one-point victory.

I. C. will be out for revenge for a 13-6 licking absorbed at Elmhurst last season. That game is one which the Blueboys will always be convinced should have prevented a winless season.

This year the hilltoppers appear

Leahy Would Like To Schedule More Big 9 Grid Teams

South Bend, Ind., Nov. 12 — (AP) — Coach Leahy, Notre Dame football coach, told newsmen today he would like to schedule such teams as Minnesota, Michigan and Army "and I believe that you gentlemen of the press can help bring such games about."

Leahy's remark was occasioned by conjecture that Notre Dame, Michigan and Army would finish their seasons undefeated — creating a problem in picking the mythical national champion.

The Irish coach was talking about regular schedules. Notre Dame has a policy against post-season games.

Leahy discussed the Notre Dame Northwestern game here tomorrow with his customary pessimism and said he believed one point would decide the winner—either way. He asserted Northwestern has more team speed than any opponent Notre Dame has met this season.

Illinois Quints In N. C. Family Cage Tourney

Wilson, N. C., Nov. 12 — (AP) — Wilson's annual family basketball tournament will be held Dec. 28-30 at the Atlantic Christian College gymnasium.

Teams from North Carolina, Illinois, Indiana, Maine, Pennsylvania and Virginia will compete.

The Clark twins from Huntington, Ind., will defend their title.

As usual, the tourney will be staged under regular basketball rules. The only restriction is that all players on a team must be from the same immediate family. There are no restrictions as to age or sex.

Challenging the Clarks will be the Moore family of Wilson; the Van Dunes of Joliet, Ill.; the Millers from Galesburg, Ill.; the Joneses from Fries, Va.; the Kerkos family from Wilson, Me.; and the Harmons from Hanover, Pa.

Multiple stars are very common, even up to quintuplets, and there is one record of sextuplet stars.

Kid Gavilan Takes Decision From Pellone At Garden

New York, Nov. 12 — (AP) — Kid Gavilan, flashy Cuban contender, kept in the running for a writer title shot tonight by punching out a 10 round unanimous decision over Tony Pellone of New York in Madison Square Garden. Gavilan weighed 147, and Pellone 146½.

It was a bruising fight most of the way with the Cuban cloutier earning a decisive edge. A crowd of 9,408 paid \$25,628 to see the bout.

Unions Reach Wage Settlement With Railroads

Chicago, Nov. 12 — (AP) — Three railroad unions whose strike threat last May was blocked by a last minute federal court injunction reached a wage settlement with the railroads today.

They accepted a 10 cents hourly wage boost, retroactive to Oct. 16. The settlement, covering 350,000 engineers, firemen, and switchmen, completed the third round wage increases for five unions whose 350,000 members operate the nation's trains.

Still unsettled, however, are the wage and working conditions demands of some 1,000,000 members of 16 non-operating unions whose members are telegraphers, yardmen, and others not actually engaged in operating the trains. A presidential fact-finding board is hearing this dispute.

A similar 10 cents hourly wage increase was accepted Oct. 4 by two unions representing conductors and trainmen.

The settlement was announced by a spokesman for the unions and later confirmed by a spokesman for the carriers.

Carter Preparing Tiger Basketeers For Tough Card

Beardstown—Coach Nick Carter, with football out of the way, is focusing his attention on molding a 1948-49 Beardstown basketball team.

Five lettermen are lost from last year's club, which took regional honors, lost in the final of the sectional, captured third in the Central conference and finished second in the Spoon River loop. Last season's aggregation won 19 and lost 8.

Beardstown will play in both the Central and Midwest loops.

Tom Fisher, Bill Varley, Bob Yost and Jim Seward are returning. All four are monogram winners.

There won't be any six footers on this year's club, unless Carter dips into his bunch of non-letter winning juniors and seniors.

Listed as good prospects are Dick Moore, John Best, Pat Brewer, Roger Brockschmidt, Bob Adams, Jim Ferguson, Dick Haxner, Dick Krohn, Jim Bear and Bob Avery.

The schedule:

- Nov. 30—At Pittsfield.
- Dec. 4—At Rushville.
- Dec. 7—Virginia.
- Dec. 10—Feltschans.
- Dec. 14—Carthage.
- Dec. 17—Bavans.
- Dec. 21—Pittsfield.
- Jan. 7—Jacksonville.
- Jan. 11—At Havana.
- Jan. 14—At Feltschans.
- Jan. 18—Clinton.
- Jan. 21—At Laupher.
- Jan. 25—At Macomb.
- Jan. 28—At Quincy.
- Feb. 3—At Carthage.
- Feb. 4—Rushville.
- Feb. 8—At Corpus Christi.
- Feb. 11—Laupher.
- Feb. 15—At Virginia.
- Feb. 18—At Jacksonville.
- Feb. 22—Macomb.
- Feb. 25—Taylorville.

Wet Weather Prevails Over Most Of Nation

Chicago, Nov. 12 — (AP) — There was a lot of wet weather across the country today, but skies were clear along the Atlantic and Pacific coasts.

Light rain and snow fell in many sections and were forecast for later today and tonight in other regions.

The snow belt covered parts of Montana, the Dakotas, Nebraska and Iowa. Snow is predicted for Minnesota, Michigan and Wisconsin.

Light falls of rain were reported over most of Eastern Texas, Oklahoma and Arkansas and were forecast for most of the midwest and southwest.

The coolest weather was in North Dakota. Temperatures, generally, leveled off to near normal in most parts of the country. Miami's 80 was the nation's top mark yesterday. Los Angeles followed with 79.

Some fashion experts suggest that men wear red-blue-green neckties with gray suits, red-brown-green for brown suits and red-blue-gray-yellow with blue suits.

Blueboys Face Elmhurst In Last Home Contest This Afternoon

Whether Art Wilson and Don Long will be the more potent outfit, I. C. Long will be in the Illinois College Blueboys' last home contest against Elmhurst this afternoon at Jacksonville. High school athletic field Saturday afternoon remained a question Friday as the Blueboys engaged in a taping off light workout. But Coaches Al Miller and Joe Brooks were of the opinion that the rest of their gridders will be ready to go.

The Blueboys face the cellar-dwelling team in the College Conference of Illinois confident of victory.

Kickoff for the contest, the final home tilt on the 1948 Blueboy schedule, is set for 2 p.m.

Last Appearance For Hill Saturday's fray will mark the final appearance of Joe Hill, three-year star on the hilltop and captain of the 1947 aggregation. Hill, negro backfield ace, will participate with one shoulder strapped to his side to avoid a recurrence of a dislocation. He is the only senior on the squad, which has proved to be the most successful in the post-war history of I. C.

The game will mark the first time since the Illinois Wesleyan contest—the Blueboy's last home appearance—that Coach Miller has had a nearly complete regular backfield. The hilltoppers came out of the Wesleyan scrap in bad shape and consequently dropped later engagements to James Millikin University at Decatur and Lake Forest on the latter's home field.

Hope For Offensive Show Jacksonville fans may be treated to an Illinois college offensive show such as was witnessed in the Principia and Eureka contests. However, I. C. gridders will be satisfied with a one-point victory.

I. C. will be out for revenge for a 13-6 licking absorbed at Elmhurst last season. That game is one which the Blueboys will always be convinced should have prevented a winless season.

This year the hilltoppers appear

Waverly Ends Grid Season With 13-0 Win Over Kincaid

Kincaid—(Special)—Waverly high school came up with thirteen points in the final quarter here Friday night to defeat the local prep gridsters, 13 to 0. The tilt attracted a small crowd and was played on a slippery, soggy gridiron. It was the final football contest of the season for both elevens.

Waverly scored its first touchdown on the first play of the final period, Burnell going over from four yards out on a plunge for the TD. His try for the point after touchdown failed.

A fumble set up the Scotties' final score. Following their touchdown, the Waverly eleven kicked off to Kincaid and the latter fumbled on its thirty yard line. Waverly recovering. The Scotties lost little time in advancing the ball to the two yard line from where Turner carried it across. A pass, Burnell to Peters, was good for the extra point.

Waverly was knocking on the door again when the game ended, having the ball on their opponent's ten-yard line. A twenty-five yard run for a touchdown by Mitchell of Waverly in the third quarter was nullified because of a holding penalty.

The Scotties held a 10 to 2 edge in first downs. They failed to make a single one in the first half but piled up ten in the second. Kincaid made both of theirs in the first half.

Score:

Waverly 0 0 0 13-0
Kincaid 0 0 0 0-0

Scoring—Touchdowns, Burnell and Turner; extra point, Peters (pass).

Leahy Would Like To Schedule More Big 9 Grid Teams

South Bend, Ind., Nov. 12 — (AP) — Coach Leahy, Notre Dame football coach, told newsmen today he would like to schedule such teams as Minnesota, Michigan and Army "and I believe that you gentlemen of the press can help bring such games about."

Leahy's remark was occasioned by conjecture that Notre Dame, Michigan and Army would finish their seasons undefeated — creating a problem in picking the mythical national champion.

The Irish coach was talking about regular schedules. Notre Dame has a policy against post-season games.

Leahy discussed the Notre Dame Northwestern game here tomorrow with his customary pessimism and said he believed one point would decide the winner—either way. He asserted Northwestern has more team speed than any opponent Notre Dame has met this season.

Illinois Quints In N. C. Family Cage Tourney

Wilson, N. C., Nov. 12 — (AP) — Wilson's annual family basketball tournament will be held Dec. 28-30 at the Atlantic Christian College gymnasium.

Teams from North Carolina, Illinois, Indiana, Maine, Pennsylvania and Virginia will compete.

The Clark twins from Huntington, Ind., will defend their title.

As usual, the tourney will be staged under regular basketball rules. The only restriction is that all players on a team must be from the same immediate family. There are no restrictions as to age or sex.

Challenging the Clarks will be the Moore family of Wilson; the Van Dunes of Joliet, Ill.; the Millers from Galesburg, Ill.; the Joneses from Fries, Va.; the Kerkos family from Wilson, Me.; and the Harmons from Hanover, Pa.

Multiple stars are very common, even up to quintuplets, and there is one record of sextuplet stars.

Waltz into Parkness

BY WILLIAM IRISH

Copyright by William Irish—Reprinted by NEA SERVICE, INC.

Time, 1880 Place, New Orleans Louis Durand, 27, a well-to-do bachelor, has been corresponding with Miss Julia Russell, whom he has never seen. He has proposed marriage and she has accepted. According to her picture, Miss Russell is dark-haired, strong, fearless and no longer young. Durand goes down to the dock to meet the boat that is to bring her from St. Louis. He is disappointed when the exalted young blond creature introduces herself as Julia. She explains her little desert by saying she didn't want him to fall for that pretty face. Durand is exasperated with her and they are married. Certain things puzzle him, however, during their first days together. Among them is the fact Julia has never opened her trunk. When a letter arrives from her sister chiding her with not writing, he insists she really takes her letter to mail himself. Returning from the bank, where he has arranged to let Julia share his account, he finds a letter addressed to him from Julia's sister. He crumpled the letter into his pocket, in such stabbing haste as if it were living fire and burned his fingers at touch.

He ran for the door, forgetting his hat. Then ran back for it, then ran for the door a second time.

In the street he frantically halted a coach.

"St. Louis Street, and quickly! I must get there without delay!"

When the careening vehicle finally came to a stop in front of his house, he jumped out, slipped coins into the driver's palm, ran for his own door as if he meant to crash it down.

Aunt Sarah opened it with surprising immediacy.

"Is she in?" he lunged into her face. "Is she here in the house?"

"Who?" She drew back, frightened by the violence of the question. But then answered it, for it could refer to only one person.

"Miss Julia? She been gone all afternoon. She told me she going shopping, she be back in no time. That was 'bout 1 o'clock, I reckon. She ain't come back since."

He ran up the stairs full tilt.

HE stood there in their bedroom, breathing hard from the violence of his ascent but otherwise immobile for a moment, looking about in mute helplessness. His eye fell on the trunk. The trunk that had never been opened.

Draped deceptively, but he knew it was. He wrenched off the slip cover and the initials came to view again. "J. R." in paint like blood.

He turned, bolted out again, ran down the stairs once more. Only part of the way this time, stopping halfway to the bottom.

"Run and fetch me a locksmith!" he exploded to Aunt Sarah. Then he changed his mind. "No, wait! That would take too long. Bring me a hammer and a chisel. Have you those?"

"I reckon so." She hurried for the back.

When she'd handed them to him, he sped upward from sight again. He dropped to his knees, launched himself at the trunk with vicious energy, his mouth a white scar; he inserted the chisel in the crevice about the lock, began to pound at it mercilessly. In a moment or two the lock had sprung.

He plucked down the side-latchpieces, unbuckled the ancient leather strap that had bound it about the middle, rose and heaved as he rose and the slightly domed

had come up and swung rearward with a shudder.

There was an exhalation of mothballs, as if an active breath had blown in his face.

It was the trunk of a neat, a fastidious, a prissy person. Symmetrical stacks of belongings, each one not so much as a hairbreadth out of line.

The top tray held only intimate undergarments of both day- and night-wear; all of them utilitarian rather than beautiful.

In a moment his hands had ravaged it beyond recognition.

He shifted the upper section aside, and found neatly spread layers of dresses beneath that. Of a more sober nature than any she had bought since coming here; browns and grays, with trim little rounded white collars, black silken, an occasional staid plaid of dark blue or green.

He picked the topmost one out at random, then added a second one.

He stood there, full length like that, between them, helplessly holding one up in each hand, looking from one to the other.

Suddenly his gaze caught his own reflection, in the full-length mirrored panel facing her wardrobe door. Something struck his eye as being wrong. He couldn't tell what it was.

He drew a step back with the two trophies, to gain added perspective. Then suddenly, at the shift, it exploded into recognition.

There was too much of each dress. He was holding his hands, at his own shoulder level. They fell away straight to the floor, and touching it, even folded over in excess.

In memory he saw her stand beside him again, in the mirror. She appeared there for a moment, in brief recapture. The top of her head just rising over the turn of his shoulder; with her hair up.

He dropped the two wraithlike rags, almost in fright. Stepped to the wardrobe, flung both panels of it wide, with two hands at once. Empty; a naked wooden bar running barren across its upper part. A little puff of ghostly violet spray, and that was all.

TURKEY FOR THE HOLIDAYS

Charles H. Cobb of Jacksonville is shown with a handsome "broad-breasted bronze" tom turkey, one of the 2,000 he's raising on his Scott county farm northwest of Merritt.

Department of Agriculture men say there aren't enough turkeys to go around this year. They estimate the 1948 crop of about 10 per cent less than last year; experienced commission men say the cut is much closer to 25 per cent.

High feed costs and low prices for last year's turkeys discouraged many growers.

Elmer Lee Foster
Of Island Grove
Dies Friday

New Berlin—Elmer Lee Foster, 63, died Friday morning at his farm residence in Island Grove township.

Born August 16, 1885, at Loomis, a son of George and Mary Morris Foster. Mr. Foster was an active Sangamon county farmer all his life.

He was married February 24, 1909, to Christian Louis Hohmann, who survives. He is also survived by two brothers, Earl and Rola Foster of Millington, three half-brothers, Den, Hays of Decatur, Ed Hays of Loomis, and Ernest Hays of Virden.

He was preceded in death by one sister, Mrs. Bertha Walker of Plano, and one half-sister, Mrs. John Dodd of Decatur.

The body was taken to the McCullough Funeral Home in New Berlin, where friends may view the remains.

Funeral services will be held Sunday at 1:30 p.m. at the funeral home. Burial will be in Sulphur Springs cemetery at Loomis.

Bodies Of Three
Soldiers Enroute
Home For Burial

Jerseyville, Nov. 12.—Telegrams announcing the return to this country of the bodies of three soldiers of the Jersey county vicinity were received here Thursday for relatives of the deceased from the War Veterans Administration in Chicago.

The three men who were killed in action in the European Theatre were: Pfc Paul T. Gray of Jerseyville, R.F.D., son of Mr. and Mrs. John Gray; Pfc Harold Naylor of the Kane vicinity and Pfc Everett P. Dabbs of the Grafton locality.

Pfc Paul T. Gray was killed in action in Germany April 30, 1945, during the heavy fighting around Kirschberg. According to information from his Infantry Commander at that time, Pfc Gray was struck by fragments of a bazooka shell and instantly killed.

Pfc Gray was buried in the U. S. Military Cemetery at Margraten, Holland, with appropriate military ceremonies at that time. His body is expected to arrive in Jerseyville during the coming thirty day period.

Pfc Everett P. Dabbs was killed in action in France, September 28, 1944. Pfc Dabbs was born in Jersey county, March 3, 1914, and was reared by his grandparents, Mr. and Mrs. Herbert W. Dabbs of the Grafton vicinity.

Pfc Dabbs was in the communications division of the infantry and had been in France shortly after D day until his death in action. He entered service in June, 1941.

Pvt. Harold Naylor was killed in action March 15, 1945, in Germany. He was the son of Mr. and Mrs. E. A. Naylor of Jacksonville. He married Miss Marie Worley of Kane in March 1941. He was a brother of Herbert Naylor of Jerseyville.

He entered service in July, 1944, with a Jacksonville contingent, was trained at Camp Blanding, Fla., and went overseas in January, 1945. He served as an infantry machine gunner.

200 Churches Will
Inaugurate Pastor
Exchange Nov. 14

One hundred Northern Baptist churches and one hundred Disciples of Christ (Christian) churches will exchange ministers for the morning service on Sunday, November 14. The First Baptist Church of Jacksonville, Clair E. Malcomson, minister, and Central Christian Church, Roy S. Hulan, minister, are among these 200 churches.

Rev. Malcomson will preach at Central Christian Church and Rev. Hulan will preach at First Baptist Church at the 10:45 service. Both ministers will use the same sermon subject: "Our Essential Unity."

This is the first time that a general attempt has been made by the two communions to organize such an exchange. Other communities in Illinois where such an exchange has been effected are Springfield, Centralia, Morgan Park, Moline, Champaign, Bloomington, Macomb, Roseville, Abingdon, Peoria, El Paso, Eureka, Oak Park, and Paris.

The occasion is the result of several years of discussion within a joint commission made up of thirty people elected by the Northern Baptist Convention and the International Convention of the Disciples of Christ. The ministers will stress the things they hold in common such as the autonomy of the local church, freedom of conscience, the Bible as the sufficient rule of faith and practice, the centrality of Jesus Christ, evangelism, prayer, stewardship, the priesthood of all believers, adult baptism, etc.

They will also stress the need for Christian cooperation and unity today, highlighted by the Amsterdam meeting of the World Council of Churches. Christian unity will be stressed as the will of God.

A hymn book is now published jointly by these two communions, much of their Sunday School literature is published jointly, a devotional booklet and a family magazine will be published jointly beginning next year. The national conventions will be held in the same city with many joint sessions in 1951 or 1952.

Each communion has about the same numerical strength with about two million communicants in each group.

Poultryman Finds
'Turkeys Rather
Hard To Raise'

On a rolling landscape pasture that drains into the twisting Mauvassette northwest of Merritt there are 2,000 handsome, gobbling and yelping bronze turkeys. They stuff themselves throughout the day on a fine mash of cracked corn and buttermilk. Throughout the night they sleep the sleep of the innocent.

But every one of the descendants of the excellent American game bird is destined for Thanksgiving and Christmas day family dinners. To Sell Hens Now

The hens will be sold during the Thanksgiving season. They'll weigh 14 to 15 pounds. The toms will weigh the range for another month. By then they'll average 25 pounds or a little better.

The Scott county turkeys are owned by Charles H. Cobb of Jacksonville, proprietor of the Cobb's hatchery.

This is his second year in the turkey business. He likes it, but admits that turkeys are a bit on the difficult side. Despite the most stringent sanitary measures, they will get sick. And they have little immunity or resistance to ailments.

Mr. Cobb purchased the 140 acre farm specifically for the venture. "The rolling land is fertile enough to raise good pasture and sloping enough to permit good drainage."

Four Year Rotation
Pastured ranges are on a four year rotation. Mr. Cobb feels that three years of other crops will furnish clean ground for his gobblers.

William A. Lange has been in active charge of the turkeys this year. The 3,000 pedigreed "Broad-breasted Bronze" poulters arrived from Winchester, Ky., on June 2. For nine and one-half weeks they lived in the twelve brooder houses on the place. Then they were trucked to the clean pasture.

They ran in an enclosed area about two acres. Each week the temporary fence, the feeders, waterers and shelters were moved to another spot.

The two men kept a sharp eye for sick individuals. As soon as they saw one, into isolation he went. But at that, nearly one out of three poulters were lost.

Oil Brooders Used
Oil-burning stoves were used in the brooder houses. The REA lines haven't gotten to the farm yet, but Mr. Cobb doesn't figure on using electric brooders if and when they do. Poulters cost a dollar apiece and time has been known to break down.

Water pumped from a spring-fed well is hauled to the range every day. Right now the birds are drinking about 500 gallons per day. Eight flocks mounted on steel posts light up the area during the night. Turkeys, like cattle, will stampede if startled. But they won't run very far into the darkness and tend to drift back to the lights within a few minutes.

Although he admits raising turkeys on a big scale is somewhat on the risky side, Mr. Cobb has already ordered his poulters for next year. "I sorta like them," he admitted.

Synthetic rubber for tire treads will increase wear more than 80 per cent over the best natural rubber treads. The key to the manufacture of these treads is the fact that they are produced at zero Fahrenheit temperature.

Expect 200 Fires Here
This Winter; Here's Why

By Mary Ellen Broge

The number to call is 401

And through some mighty high and fast stepping the firemen will be into their boots, down the pole, on the truck and out of the firehouse in 20 seconds.

But without the correct address of the blaze, the truck, hose, ladder and pump won't accomplish a thing, except root the starlings from their "square" homes.

Etiquette, and action, demand that when reporting a fire, blasing inferno or glowing ash, you do more than "fire" into the chief's ear. You must be sure to give the address, almost-address, off the burning building.

Try Fire Prevention
But don't become an expert "fire-reporter"

Take a tip... try fire prevention. It's the only sure way to keep your home and your family off the "fire" list.

The careful man practices Fire Prevention Week every day of every week, every year. And does it pay? For it's Jacksonville's careless man who will play host to 90 per cent of the estimated 200 fires that may occur this winter.

And Chief Charles Longman, who estimated the number of winter fires, knows what he's talking about.

Children's Book
Week At Public
Library Nov. 14-20

Children's Book Week, designated to promote the reading of children's books, will be observed Nov. 14-20 at the Jacksonville public library.

In observance of the week, which is sponsored by the American Library Association, Boy and Girl Scouts, other youth organizations, book publishers and Jacksonville students, grade four through junior high school, have illustrated their favorite books.

Outstanding illustrations have been chosen by Miss Margaret Schoedack, supervisor of art in the Jacksonville public schools, to hang in the children's room of the library. The drawings will be judged Saturday afternoon and ribbons will be awarded to all children whose illustrations have been exhibited.

The illustrations will be on display for about a month and parents are urged to see them.

Included in the many children's books recently added to the library are "The Twenty-one Balloons" by William Pene du Bois, winner of the John Newberry medal for the most distinguished contribution to American literature for children, and "White Snow, Bright Snow" by Roger Duvoisin, winner of the Caldecott medal awarded to the illustrator of the most distinguished picture book for children.

Miss Esther Conner is the children's librarian.

Sunday School
Convention Here
Next Week

A Sunday School convention will be held at the Assembly of God church beginning Monday night, November 15 and running through Tuesday evening. Services will be held daily at 9:30 a.m., 2 p.m. and 7:30 p.m.

The Rev. Grable of Springfield, Mo., national Sunday School representative of the Assembly of God will speak at two services daily. He will also offer counsel in the discussion periods to follow each service.

In addition to ministers and Sunday school workers from all over the state, the Illinois district representative, Rev. H. Tolliver of Macomb will also be present.

The convention is expected to result in greater assistance for the advancement and promotion of Sunday school work. The public is invited to attend all sessions.

The next meeting of the Round Table will be held at Jacksonville high school in January. All Industrial Arts teachers are welcome to attend. Teachers from the Jacksonville schools attending the Springfield meeting were Principal John Agger, Elbert Lair, Harold Servoss, Giles Wolf and Russel Ludwig.

Hembrough Urges
Farmers To Vote
In Farm Election

The necessity of every eligible farm producer taking part in this year's election of Triple-A committee was emphasized today by Mr. Wallace T. Hembrough, chairman of the Morgan County Agricultural Conservation Association committee.

"Ballots for registering a vote," he said, "are now in the hands of all known producers who are eligible to participate in the election. It is now up to the farmers themselves to mark these ballots and make sure that they are returned to the county office by November 15th."

The significance of the election was also explained by chairman Hembrough. "In the first place, he said, it is our democratic method of selecting those farmers who will have the responsibility of handling various farm programs on a local basis. These programs are becoming increasingly important to the welfare of each and every one of us and it is essential that the best possible men be elected. In the second place, we should all remember that the best way for farmers to lose their voice in the administration of these programs is to neglect to use that voice. I'm sure that none of us want this to happen."

"These things," concluded the committee chairman, "demand that we all should register a vote. If there are any producers, either landlords or tenants, who have not yet received a ballot, they should immediately check with us at the county office."

Of Ceremony

Concord—Miss Esther Goodpasture, daughter of Mr. and Mrs. Floyd Goodpasture of Concord, and Chester Elliott of Chicago, were united in marriage on Saturday afternoon, November 6, at the home of the bride's parents.

The Rev. Robert Fitch performed the double ring ceremony before an improvised altar decorated with ferns and cut flowers, flanked by lighted tapers in candelabra.

Preceding the ceremony, Miss Josephine Holdt of Dexter, Missouri, former roommate of the bride, presented a program of music which included "I Love You Truly," "Beulah," and the "Bridal Chorus from Lohengrin." The candles were lighted by Joan Goodpasture, sister of the bride, and Francis Elliott, brother of the bridegroom.

For the wedding the bride chose a street length dress of teal blue with a corsage of white roses. Miss Maxine Richman, of Good Hope, classmate of the bride, was her attendant. She was attired in a dress of steel gray with a corsage of pink roses. Robert Goodpasture, cousin of the bride, served as best man.

Immediately following the ceremony, Mr. and Mrs. Elliott were honored at a reception in the Goodpasture home. A three-tiered wedding cake topped with a miniature bride and groom was cut by the newlyweds. Mrs. Paul Hess, sister of the bride, and Miss Doris Rogers, a classmate, assisted in serving the guests.

Bride Attended MacMurray
Mrs. Elliott attended Arenaville high school after which she completed two years of study at MacMurray College.

Mr. Elliott also attended Arenaville high school after which he served two years in the U. S. Navy. He is now employed by the Caterpillar Tractor Company in Peoria.

After a short wedding trip, the couple will make their home at 405 Monroe St., Washington, Illinois.

Members of Nu Phi Mu sorority were entertained by Shirley Ann Frye at her home, 833 South Main street, Wednesday evening. The business session was followed by the serving of refreshments.

Those present were Jeannette and Lynnette Luttrell, Jeannette Loneragan, Mary Ellen Reynolds, Mary Lou White, Betty Breiding, Mrs. Edward Hopper and Shirley Ann Frye.

Missionary Group Meets At Rabjohns Home
The missionary society of Westminster church met on Thursday, Nov. 11, at the home of Mrs. Walter Rabjohns, with Mrs. Isabel Reynolds acting as assistant hostess.

The meeting was called to order by Mrs. Herbert Capps, after which Mrs. Rabjohns, spiritual life secretary, directed the group singing of "All Hail the Power of Jesus Name." The Seven Word prayer was recited in unison.

Mrs. Arthur Ewert was in charge of the devotional service, reading from Luke's gospel and leading the prayer. She named the Presbyterian missionaries now stationed in China, and stressed the importance of remembering them in prayer.

After a brief business session, the meeting was turned over to Miss Ainslie Moore, who presented a portion of the mission study book, "Twilight or Dawn in China," by Frank W. Price.

The meeting adjourned for a social hour during which refreshments were served by Mrs. Rabjohns and Mrs. Reynolds.

Both the Dominican Republic and Spain claim to have the remains of Christopher Columbus buried within their borders.

Springfield Supt.
Of Schools Talks
At Rotary Meeting

"Peace Through Understanding" was the subject of a talk given by J. E. Bohn, City Superintendent of the Springfield, Illinois schools during the regular meeting of Rotary Friday noon.

In opening his talk the speaker read a paragraph written by Frank Gannett which pointed out that in the years since the birth of Christ 40 billion people have lived on earth and of this number only three percent lived under a government which allowed them freedom. A large part of this three percent is made up of the people who have lived in the United States during its short history.

Lists Outstanding Men
Superintendent Bohn read a list of the names of the outstanding men listed in history books from the birth of Christ to the present. With few exceptions these men were dictators and their governments tyrannies.

There were five reasons for the slow development of freedom for the individual, he said. Unlimited power of the ruler, control of the military, control of disciplined minorities, uninformed masses and an absence of a legal method of choosing rulers.

Three things can be done, the speaker stated, to increase the small percentage of free peoples. First, improve communications by teaching foreign languages in the schools, second, by exchanging students and pupils, and finally, by travel in other countries.

Control of War Machines
The second step is control of the machines of war, the atomic bomb, and the troubled areas of the world, Bohn said that while the UN may not be perfect it is the only organization available now for this purpose and that it should be backed by every thinking citizen.

The final step is to give direction to the action of such organizations, direction toward the ways of freedom for all people. The past two World Wars have been military victories, he said, and we have thereby preserved our liberties, but peace will not come until the peoples of the world are free.

The speaker was introduced by E. C. Smith, program chairman.
